

Chapter – 10

Dajjalian System

(دجالیت)

The main Dajjal will definitely be one individual and there are many sayings about him of our Noble Prophet. However, if we look at the 'Anti-Christ' viewpoint, we come to know that this is a group of the so called "Intellectuals" who are "atheists" and "very rich" as well. This group is basically spreading the Dajjalian System in this world since last two centuries, particularly in America and Europe. These materialistic natured individuals, who are having faith on the power of Satan, instead of Allah (SWT), are in fact 'Dajjal' and the system they have introduced is "Dajjalian System". The interesting part of this group is that they put their one hand on one eye and hide it and apparently look like "One-eyed" person. This feature has now become an identification of this group. In this way, they are the persons who are very much similar to the predictions of our Noble Prophet, who has named them as "One-eyed Dajjal". Such persons with this particular identification may be looked at Internet links. (See URL link -3).

Moreover, this group has also made the following "one-eyed identification" as their organization logo. (See URL link -4).

All indications tell that Illuminati individuals belong to this Dajjalian System. Some details are already mentioned in the previous chapter - 08. This group has also made additional identification of No. '666'. These people not only make figure of 6 with their fingers but also put one hand on their one eye so that they may look as "one-eyed person" as well. (See URL link -5).

As already mentioned, the Illuminati is a secret organization of the most powerful and influential elite in the world. The members of this group are mostly the famous actors and the music industry artists of Hollywood, USA and the top ranking names of various sports. (See [URL link -6](#)). Nevertheless, the executives and owners of various business and industry are also the members of this group. They also consist of international bankers, top government officials, leaders in the energy cartel and media monopoly owners and have control over the U.N. They also have ties with the Freemasonry.

Moreover, many prominent names appearing on political horizon are also attached with Illuminati group. The first president of America, Jorge Washington was among the list. Besides, the 35th President of America, John F. Kennedy had also joined to this group, but later when he came to know their inside stories, he gave the following remarks in his speech for the Illuminati activities:

*“There is a plot in this country to enslave every man, woman and child.
Before I leave this high and noble office,
I intend to expose this plot”.*

And only seven days after, 22nd November 1963, he was assassinated in an official ceremonial gathering.

The 41st President of America, Jorge H. Bush and his son and the 43rd President Jorge W. Bush were among the prominent names of the list. It is said that President Obama was also attached to this organization. The Britain’s Queen Elizabeth and her entire family remained associated with this group. Above all, the Jewish Pop Francis is also seen attached with this organization. One can see as evidence, where this Pop Francis is addressing a historical Congress during which he is making the specific identification symbol. (See [URL link -7](#)).

In the last few centuries, science and technology is growing fast. Every day new inventions are seen. The mankind is simultaneously becoming more materialistic. For the peace of soul where religious help is required, man is going away with this assistance. In this way the required balance in the society is badly affected. The basic reason is this “*Dajjalian System*”, who wanted to see this world with one eye only, i.e. ‘*Materialism*’.

The ultimate result of this materialism is to go away from religion. Instead of worshipping God, the attraction of modernism made the man indulged in self-worship. Now man is confined in looking to self only. Moreover, as a result of materialism, knowledge and its sources have become meaningless. The real knowledge has become obsolete and it is now replaced with “Metaphysics”.

These days, the actual knowledge has become the awareness of growing wealth. The main target of life has converted into the “success in this world”. Now, the focus point of the human being is to conquer the Universe. People give importance to self-respect and collection of wealth only. Now, becoming famous is the main target of life, no matter it is achieved at any cost. Respect is given to wealth and high standard living.

Due to modernism, at present, man has become free from all values. Now, intellectual and ignorant, enthusiastic worker and a lazy man, all have become equal. There is no respect at all. Selfishness has made man isolated in the society. Previously, sacrifice, service and love were the main factors of pleasure. Now all these items are considered as foolishness.

Nudity is increasing day by day. Sexual urge has increased so much so that homosexuality is now a routine element. Moral and ethical values are eliminating day by day from the society. Most of the people are passing their life under psychological stress. To get spiritual relaxation, instead of taking help from religious scholars, people are consulting with psycho-therapists.

The important point is, earlier this world always had been considered as ‘*temporary*’. But it is now being taken as an ‘*everlasting place*’. If the bad talks, evil deeds and wrong thinking are confined to one individual then it will be called “Personal affair”. But for this purpose, if a group or organization is formed, then it becomes ‘Shaytanic Supremacy’. To get rid of this, one has to seek shelter of Allah (SWT). God Says in Quran:

وَأَمَّا يَنْزَغَنَّكَ مِنَ الشَّيْطَانِ نَزْغٌ فَاسْتَعِذْ بِاللَّهِ إِنَّهُ سَمِيعٌ عَلِيمٌ

{And (O Listener) If the devil provokes you, seek the refuge of Allah; indeed He is All Hearing and All knowing. (07:200)}
