

## Chapter – 74

## Hereafter

(آخِرَت)

❖ يُخْرِجُ الْحَيَّ مِنَ الْمَيِّتِ وَيُخْرِجُ الْمَيِّتَ مِنَ الْحَيِّ وَيُحْيِي الْأَرْضَ بَعْدَ مَوْتِهَا وَكَذَلِكَ تُخْرَجُونَ -

*He (Allah) brings forth the living from the dead, and brings forth the dead from the living; and He revives the earth after its death; and this is how you will be raised. (30:19)*

❖ أَفْتَرَىٰ عَلَى اللَّهِ كَذِبًا أَمْ بِهِ جِنَّةٌ بَلِ الَّذِينَ لَا يُؤْمِنُونَ بِالْآخِرَةِ فِي الْعَذَابِ وَالضَّلَالِ الْبَعِيدِ -

*“Has he fabricated a lie about Allah, or is he possessed”? Not so; but those who do not believe in the Hereafter are themselves in the punishment and extremely off tracked. (34:08)*

Dear People! The fear of Hereafter, anxiety for the presence in God’s audience, His accountability and the answering, saves human being from all misdeeds. So, all the time keep your attention towards Allah تعالى و سبحانه. Spend your life in His glorification and praise.

Remember! Anybody who took birth he will die as well. Whoever is awakened he will sleep too, and whoever is sleeping he will be aroused. --- Just consider on a flame. It keeps on dying and the immediate feed of oil brings into another blaze. --- Similarly give attention on your own self. Our body gets annihilation every instant, every moment, some with respiration, some with perspiration, and some with other things, and food gives its protection. In this way life

and death, annihilation and protection continue. But, finally death has to come. There are many who negate God, but nobody can deny for death. So, be fearful for God and do something.

Generally, denial for resurrection, non-acceptance for the answerability in God's audience, and the light mindedness for the accountability of God are the main causes of all evils. Fear of fears is the fear of God. There are less people who do good things, by realizing that it is good. Whereas, there are many who leave evils by the fear. The fear of police or the fear of army never gives trouble in loneliness. But the fear of God remains effective in both private and public. That is why Quran frequently draws attention towards resurrection, and repeatedly gives fear for God's accountability. This world is the place to fear and to work. The punishment in Hereafter virtually is an enlargement of world's punishments. One who is visionless in this world, he will be blind in Hereafter as well. If he is not careful today, how he will be able to save himself from punishment. ---- Ignorance with God is a curse.

Dear People! As any substance never expires without God's orders, similarly acts and their affects also never perish. Of course! Alterations in shapes occur. Heat changes into electricity, lightening becomes sound, and sound creates motion. But none of them face annihilation. Only shapes are converted.

Every person carries his attributes. Actions have their affects. Now think over it, that a man did good deeds all through his life. He believed on God, and served the people of God. He spent all his life in hardship and poverty. All these good deeds must be flourishing with him. On the other hand, some wrongdoers are indulged in luxury. They do injustice with people. They give torture to poor. So they carry along their misdeeds. Their injustices remain responsive with them. Sometimes it happens that, in this world, honest people do not get rewards for their honesty, and dishonest people also do not get their punishments. Man dies but he does not get its recompense. Therefore there must be some other world where honest should get reward, and dishonest should be punished. Hence, One day will definitely come where justice would be there and reward and revenge will be taken. God Says:

فَمَنْ يَعْمَلْ مِثْقَالَ ذَرَّةٍ خَيْرًا يَرَهُ

{So anyone who did a good deed equal to the weight of the minutest particle will see it. (99:07)}

مَنْ يَعْمَلْ مِثْقَالَ ذَرَّةٍ شَرًّا يَرَهُ

{And anyone who did an evil deed equal to the weight of the minutest particle will see it. (99:08)}

Look! Action and reaction is always remains equal. Every act carries along its result, and every work always brings its outcome.

جیسا بوؤگے ویسا کاٹوگے۔ جیسا کروگے ویسا بھروگے

(Whatever you sow, same will be the harvest  
Whatever will do, will get result accordingly)

If you sow thorn and expect for flowers, it is stupidity and absurdity. Moreover, man should also consider on his inner feelings. If man does good work, his conscience will be happy. And when he does bad work, he will feel disturbing. All these are the witnesses to the forthcoming events.

Some ignorant people consider that reward, punishment and hereafter all are nothing. Just eat, drink and die. Some people (Hindu) consider that after death one has to come again in this world. If you have committed crimes and injustices, you will be punished. Your rebirth in this world will be in the shape of animal and you will be beaten as animal. They call it as *transmigration*. Sad to say! These people did not understand the concept of punishment and reward.

Look! One person has spent his whole life in worshiping God and faced lots of difficulties in this world. Would that good servant be in need of good house or good food? Would his maximum desire to be a King? ---- First of all, these days everywhere there is democracy. Where is monarchy? Secondly, where is the actual desire of that Truth-seeker? That fellow had left all the comforts and luxuries of this world, as he already considered them as worthless. Then what will he do if given monarchy? He is not needy of such things. If it is not his desire then what comfort he can get out of it ---? In fact, unhappiness and happiness is an attribute of soul. The pleasure of his soul demands to have a look of God. If he does not get God's look and God's contentment, then this world was already insignificant, now even this 'hereafter' is also irrelevant and immaterial for him.

Dear People! Just consider for yourself what you are? When it is said 'You', does it mean your body? Or does it mean your soul? As regards your body, when you breathe the out coming gas is carbon dioxide. What it contains, simply the burnt material of your body. When

you go the toilet, sufficient extra material of the body comes out. When you sweat, another extra material is also discharged. Scientists say that, between 7 to 12 years, your body becomes totally new. You and your soul have some attachment with you, some binding with your body. Everything changes but this relation remains intact. And through this relation, your soul gets punishment, reward, grief and comfort. Wherever this soul goes, whether it may be a dream world (عالم حلم), it may be a supernatural world (عالم مثال), it may be a transitional world (عالم برونخ), or it may be an ultimate world (عالم آخرة), your soul attains a body compatible to that world. In any case the punishments and rewards are given physical to the body. However, since body is without perception and ignorant and the center of knowledge is your soul, therefore in one way it may be said that your soul also gets punishment and reward.

Dear People! What is the basic reason for the destruction of religion and this world ---? In our opinion, forgetfulness of death and negligence from God's accountability are the basic elements. Look! Everything has one cause or one reason. So all the things of this world are useful then would it be right if it is said we are useless. Whereas we claim that we are the 'Most Honorable Creatures'. God has created everything of this world for you, and your creation is for Him. So you are not useless. You have some work to do. You are most eminent. If you are so distinguished means the reasons of your creation must also be prominent. You have obligations. You have responsibilities. You will be asked about these things. You spend your whole life in refuting the Orders of God then how you will face Him? What answers you will give Him? ---- If public refute orders of the ruler, they are punished. If children do mischiefs they are warned. You keep on refuting Orders of the God, and consider that no one is watching, neither you will die and rise again nor you are accountable to the God!

Remember! Death is a fact, Heaven is a fact, and hell is a fact. Punishments of this world given by the rulers are very short and for few days. But God's punishments would be severe and for long. Nobody would save you from this, except God Himself. How long will you sleep? Be awakened! And be prepared for the obedience of God. You are very weak and God is great and powerful. Leave the opposition of God and cover up yourself with His sheet of kindness. After that this world is good for you and the hereafter will also be good. God bless us for good. Amen.
